Sensational Charge Made Before Investigating Committee of House.

Washington, July 26 .- The sensa tional charge was made before the investigating the Post-Office Department, to-day that Leonard Goodwin, a Chicago lawyer and brother of Russell P. Goodwin, assistant attorney-general of the PostOmice Department, was exploiting mail
order houses throughout the country,
telling them he could arrange any
trouble they might have through a denial of mail privileges, etc.

The charge was made by E. G. Lewig,
president of a publishing company in
St. Louis, recently denied the second
class mail privilege. Lewis also declass that gost-office inspectors at St sistant attorney-general of the Post-

St. Louis, recently denied the second class mail privilege. Lowis also declared that post-office inspectors at St. Louis had been told to use wnatever methods they pleased "to put Lewis out of business", and "to shut Lewis up before the next campaign."

This was the campaign of 1908, Lewis said a Rochester, N. Y., man had written to him that Goodwin was the man he ought to employ and get lim out of his trougles with the post-office inspectors.

"This man later tol ine," said Lewis, "that Goodwin himself wrote the internal contents."

Lewis testified that he entileyed Pinkerton detectives, who went to Goodwin's office, representing them, selves as in patent medicine mail order business, and in troube with the post-office officials.

An affidavit was presented, sworn to by these detectives, in which they declared that Goodwin told them he had handled thousands of cases like their and that he could fix it so they would not be bothered by post-office inspectors. He told them, the detectives swore, that all they would have to do would be to say to the inspectors: "Gentlemen, we may have done wrong in the past, but we are trying to live up to the laws," and this Goodwin said would be all that was necessary.

One of the detectives told Lewis, so the latter testified, that post-office of feedals and inspectors at St. Louis had told him they would be upheld by the department in whatever methods they used to put Lewis out of business.

Mr. Lewis accused the Post-Office Department of having sent out thousands of copies of the speech delivered by Senator Burton in response to that of Senator Jeffries Davis, of Arkansas, attacking the department for its action.

velopment 12,800 acres of the Chugach National Forest Reserve in alaska—an incident which has become to be known as the "Controller Bay affair." In concluding he brands the now famous "Dick to Dick" postsoript as a "wicked fabrication," and says that Charles P. Faft, whose name appeared in the alleged postsoript, "has no interest in Alaska, never had, and knows nothing of the circumstances connected with this transaction." Moreover, the President adds, his brother does not even remember that he met Richard S. Ryan, representing the Controller Railway and Navigation Company. As for climinating the land in question from the reserve, the President says that there is no danger of the Controller Railway and Navigation Company, or any other interests, nonopolizing the field, and cothing to show that this company is in any way connected with the Morgan-Gugger-

"Mr. Ballinger says in a telegram in answer to my inquiry, both of which are in the record, that he never received such a postscript, and that he was in seattle on the late of July 13, when it was said to have been written.

"Mr Richard S. Ryan, in a letter which he has sent me without solicitation, and which is in the record, says that he never met my brother, Mr. Charles P. Taft, and that so far as not knows, Mr. Charles P. Taft never had the slightest interest in Controller Bay, in the Controller Railway and Navigation Company, or in any Alaskan company, and he utterly denies writing or signing the alleged postscript. The utter improbability of his writing such a postscript to Mr. Ballinger at Washington, when the latter was away for his vacation for two months, must impress every one.

I read the letter at Beverly in August with other papers and sent them to the White House. It was placed upon the White House fles and remained there until April 22, 1911, when it was, by request of Secretary Fisher, returned to the Interior Department, and it was after this that Miss Abbott says she saw the letter with the postscript attached. Mr. Carr saw no such postscript when he sent the letter to me. I did not see it when I read it.

"The statement, in so far as my brother is concerned—and that is the chief feature of the postscript—is utterly unfounded. He never wrote to me or spoke to me in reference to Richard S.
